EXPLODING KITTENS

OBJECTIVES

Avoid drawing an Exploding Kitten card or use Defuse cards to survive longer than your opponents.

SETUP

1. Remove all Exploding Kittens and Defuse cards. Deal 7 random cards and 1 Defuse card to each player.
2. Insert enough Exploding Kittens into the deck so there is one fewer than the number of players. Shuffle and deal the deck face-down.

GAMEPLAY

1. Players take turns drawing the top card of the deck.
2. If you draw an Exploding Kitten without a Defuse card, you're out.
3. Use action cards to skip turns, peek at cards, or attack opponents.
